

GIS MUSIC CLUB

To conduct a music club at Ghayasuddin International School (GIS) is initiated to enhance student wonderful world of music by providing the opportunity to play a musical instrument, get involved in a music ensemble or, in a ny other music-related activity offered at the school.

Aim & Objectives

Music is the 'Universal Language' of the world and GIS music club firmly believes that our students should be prepared to leave our school as valuable, well-balanced members of society.

Therefore, we strongly and positively encourage student's exposure to music throughout their time at GIS as this will ensure they will become well-rounded and informed young citizen ready for the exciting challenges in an ever changing world.

The importance of playing a musical instrument is paramount because:

- Music offers the opportunity for self expression through a nonverbal, creative and meaningful medium
- Self- discipline is developed through regular practice
- Music develops cognitive and analytical skills, improves the powers of concentration and also develops the memory
- Music performance improves self-confidence if directed and facilitated in a positive and encouraging way.

Rationale

Musical education is essential to the development of individuals in order to promote and share the beauty of music through classical and contemporary music elements. Students will learn and explore about patterns in music giving them an opportunity to practise echoing simple song phrases. We have lessons that compare current music to music from the past. Lesson about rhythm and pitch Lessons incorporating music traditions from a variety of culture.
